

DATA SHEET

Serum
Catalog No. A110-125
Rat Albumin Antibody
Produced in Rabbit

Storage: 2 - 8 C

Amount: 2 ml

Buffer: Serum containing 0.1 % Sodium Azide

Shelf Life: 2 years from date of receipt

Production Procedures: By immunoelectrophoresis, the antiserum reacts specifically with rat albumin. No antibody was detected against other rat serum proteins.

This antibody may cross react with albumin from other species.

Country of Origin: USA

Notes: For In vitro laboratory use only. Not for any clinical, therapeutic, or diagnostic use in humans or animals. Not for animal or human consumption.

This product may not be resold or modified for resale without the prior written approval of Bethyl Laboratories, Inc.

For use in precipitin gel reactions; such as, immunoelectrophoresis and double diffusion Oucaterlony.

Applications: Optimal working dilutions should be determined experimentally by the investigator.
