

Cytomegalovirus gp gH Antibody

Cat. No.	Quantity	Tested Applications
Y106014	100ug	ELISA, ICC/IF, WB

Antibody Type	Monoclonal Antibody
Description	M24071 Mouse monoclonal [6F12] to Cytomegalovirus
Immunogen	Gentamycin-KLH
Species Reactivity	Gentamycin 100%
Specificity	Gentamycin 100%
Tested Applications	ELISA, ICC/IF, WB
Application Notes	IFA titer 1+ @ 1:800 ELISA titer 0.100 @ 1:102,400 Western Blot > 1:800
Raised In	Mouse
Clonality	Monoclonal
Isotype	IgG2 β , k
Purity	Affinity purified
Storage Buffer	Purified IgG, supplied in PBS buffer with no preservatives added
Formulation	Liquid
Storage	4oC short term only; -20oC for routine storage

Caution: This product is for research use only and is not intended for therapeutic or diagnostic applications.
